EDUCATIONAL QUALIFICATIONS

Qualification	Year	Name of the Institution	Marks
PH.D Economics	2022-26	Indira Gandhi Institute of Development Research	Pursuing
M.Sc Physics (H)	2019-21	Jawaharlal Nehru University	6.5/9
B.Sc Physics (H)	2016-19	Banaras Hindu University	8.4/10
UPMSP (Class XII)	2015-16	Govt. City Inter College, Ghazipur, UP	91.4%
UPMSP (Class X)	2013-14	K.D Higher Secondary School, Azamgarh, UP	90.6%

- Ranked among the **top 1%** in the **State Board's** Matriculation and Higher Secondary Examinations.
- Awarded the 'Innovation in Science Pursuit for Inspired Research' (**INSPIRE**) **Scholarship** by the DST, **Govt. of India**.
(Scholarship amount - **Rs. 4,00,000**).
- Secured **Perfect Scores (10/10)** in **5 out of 8 Mathematics Courses** during Graduation.
- Tutored 100+ students (Science and Mathematics) for Xth and XIIth boards examination.

Work Areas: Sustainable Development and Applied Policy Evaluation with experience in community-led education.

Key Competencies: Large-scale Data Analysis (**NFHS, IHDS**), Causal Inference, Technical Briefing and Policy Memo drafting.

Technical Skills: STATA, R, Python, Advanced MS Excel, LaTeX.

Econometric methods: Difference-in-Differences (**DiD**), Instrumental Variables (**IV**), Fixed Effects Models, Panel Data Analysis.

POSITIONS OF RESPONSIBILITY

Head, Organising Committee: Synergy Sports Fest, IGIDR, Mumbai	(2023-25)
• Led flagship multi-sport fest with 50+ events and 100+ participants, ensuring <u>inclusive</u> and <u>disciplined</u> execution. • <u>Multi-stakeholder</u> Coordination for logistics, budgeting, permissions under time constraints.	
Student Member, Student Grievance Redressal Committee, IGIDR, Mumbai	(2024-25)
• Represented student concerns in formal forums with deliberations. • Worked with faculty, administration, and peers to <u>mediate</u> grievances, draft responses, and improve communication channels	
Founding Team Member, Malvia Child Welfare Foundation	(2017-19)
<i>Initiated to uplift the educational attainment of underprivileged children in Varanasi</i> • Supervised a team of 15+ volunteers to implement and ideate on various social initiatives taken by the Foundation. • Tutored 70+ underprivileged children. • Conducted outreach to nearby villages through <i>Bal Sansad</i> and elected 'Student Action Team' for community engagement. • Organise cultural programmes for 100+ students by fun-filled educational activities.

• Contributed 120+ hours and was one of the 6 selected out of 50+ volunteers to be granted an 'A' grade certificate. • Organised 3 medical camps, witnessing a footfall of 100+ rural residents; 4 Blood donation camps, witnessing a participation by 200+ donors; 2 cloth distribution drives in winters. • Conducted surveys of 800+ rural residents to assess the provision of potable water for them and used the findings to inform the local authorities by a <u>data-backed policy approach</u>.	

Academic Research Papers and Presentations

Targeted Electricity Subsidies and Rural Development: Evidence from India's RGGVY Program

- Conducted *causal impact evaluation* using IHDS panel data (2004–05, 2011–12) with continuous DiD & treatment intensity.
- Estimated ~4.4% annual increase in income and significant gains in non-farm employment and education for BPL households
 - Identified heterogeneous impacts, showing stronger benefits for targeted (BPL) households

National Conference- Presented at 20th Annual Conference on Economic Growth and Development, **Indian Statistical Institute**, New Delhi (Dec 2025).

International Conferences- Acceptance from (June 2026):

- 5th Asian Economic Development Conference, **Hong Kong, China** (held by Asian Development Bank).
- Nordic Conference in Development Economics, **Sweden**.

Rural Electrification and the Demographic Transition in India

- Analyzed impact of rural electrification on fertility behavior using NFHS-4 & NFHS-5 microdata (~1.4M observations)
- Applied Two-Way Fixed Effects, IV (LOO/Bartik) and DiD (RGGVY rollout).
- Found electrification reduces fertility and birth incidence via increased media exposure and maternal healthcare access(shift to institutional deliveries, and lower desired family size) by behavioral changes.

Presented at: 7th Annual Economics Conference, Ahmedabad University, Ahmedabad (Jan 2026).

Does Digital Identification Improve Disability Welfare Delivery? Evidence from the Integration of Unique Disability ID (UDID) system in India

- Evaluated impact of UDID integration on welfare delivery using state–district panel data (2014–2023) and DiD methods.
- Found increased service intensity and improved targeting post digital integration.

Presented at: International Conference on Digitalisation, Market and Society, **IISER Mohali** (Dec 2025).

ACADEMIC PROJECTS

Lives in Transition: Exploring Livelihoods and Service Access in Aarey Colony [Guide- Prof. Srijit Mishra]

Analyzed the impact of infrastructure access on capability deprivation, with a focus on Sen’s idea of freedom and bodily health and autonomy.

- Conducted field research in Aarey Colony in Mumbai by **25 in-depth interviews** to assess access to water, electricity, and basic services among tribal and migrant communities.
- Analyzed links between infrastructure gaps and health vulnerability using capability approach (Sen, Nussbaum)

Evidence on urban inequality and service delivery challenges.

Female Workforce Trends in India: Insights from Six Comprehensive Tables using PLFS Data [Guide- Prof. S Chandrashekhhar]

- It involved a systematic process of data organization, merging, variable transformation, and subsequent analysis using the large-scale household Periodic Labour Force Survey (PLFS) dataset for years 2017 to 2022.
